Pleural and Peritoneal Fluid Evacuation

**Jigsaw
Medical®**

OVERVIEW

Jigsaw Medical® Drainage Products

Jigsaw Medical® carries the broadest range of evacuated drainage bottles on the market. Our Safety-Vac™ line consists of four evacuated drainage bottles and two drain lines for optimal performance in removing, aspirating, and sampling body fluid and assured compatibility with other market-leading centesis drainage products. Jigsaw Medical®'s specialization in this area of healthcare products has rapidly become a clinically-preferred solution to providing high quality care, while simultaneously improving the bottom line.
